**June 2010**

**Well, I want to start this letter with the latest development in our lives:**

**We are back in Wisconsin!**

If you notice on the top of this letter, our address has changed. However, it's the same one we had before!

We thought we were going to be in Colorado Springs for 5 years but God had another plan and brought us back "home" after two and a half years. Rob is no longer working in the CBS office and has retired in Sister Bay, WI.

The end of April and the month of May were very busy and stressful for us. Since December we had our house for sale in Colorado and we were praying real hard for the Lord to send a buyer. He did that and we sold it in four months!

We praise God for his faithfulness and encouragement when we need it.

**So, please make a change of address for us in your list.**

We left Colorado on May 14<sup>th</sup> and drove back to WI. On the 17<sup>th</sup>, the movers came and the place is pretty much put together.

**The hardest thing was to keep the ministry of CBSI, South America, going with all the distractions.**

However, God is in control and He's still fulfilling the desire of our hearts to keep the people in South America impacted by His Word through this Bible study.

It's almost July and half of the year will be gone soon. So, I want to tell you that the Lord has given me **many opportunities to present, promote, train and shepherd the ministry of CBSI in South America.**

**In these past few months and even with all the distractions...**

I was in Guyana for a Leadership Training Seminar and now we have active classes there.

I went to Surinam to shepherd the leaders we have there and meet with our Key Leader to help and encourage him in all he needs.

I received an invitation in March to go to a new region in Brazil and gave a Leadership Training and new Bible studies have started already as a result of it.

**April** was a busy month not only because that's when our house sold but also because I already had two trips planned:

**First**, I went to **Santa Cruz, Bolivia** to meet with some leaders who were interested in CBSI studies. They were trained and classes are in progress.

**Second**, I had the privilege of once again attend the **Chile Leadership Retreat** where I was encouraged with the commitment of so many leaders to continue to teach and spread the Word of God among their people.

Retreat in Santiago Chile – 102 Leaders participated

Praise and worship before the training in Bolivia

On **June 24<sup>th</sup>** I'm going to **Recife, Brazil** to work with the leaders of classes that started last November

I might be going to **Caracas, Venezuela and Guyana** in **July!**

Please, pray for the trip to Recife that I'll be able to shepherd the leaders AND train new leaders for new groups.

Then, a real special **prayer for God to work all the details for me to go to Venezuela** so we will have a new country in South America studying the Word.

Please, continue to pray for God to provide for traveling, training and translation for the work of CBSI in South America.

Send all gifts to:

**CBS**

**790 Stout Rd**

**Colorado Springs, CO 80921**

Marked: for South America

I'd love to hear from you anytime through email:
